

SHAC meeting on September 13, 2019.

Changes that were made to the Klondike ISD's Wellness Policy:

1. Under "Water", the school has purchased two water bottle filling stations so that our students will be able to fill water bottles to stay hydrated.
2. At "Fund Raising", the days that have been set aside for exempt fund raising days were changed.
3. Under "Staff Wellness and Health Promotion", the new fitness room that Klondike ^{has} ~~as~~ built for staff and students was added.
